# THE FEEDBACK FROM LECTURERS ON THE E-LEARNING SYSTEM (MOODLE)

1. Your overall assessment of the updated courses on e-learning system?

1. Your overall assessment of the updated courses on e-learning system?

7 câu trả lời

- Very good
- Good
- Rather good
- Qualified
- Not reached

2. Have you noticed any differences in the curriculum of the new course compared to the old one?

2. Have you noticed any differences in the curriculum of the new course compared to the old one?

7 câu trả lời

- Significant difference
- Difference
- No difference

3. How do you evaluate the design content of the new courses in the training program?
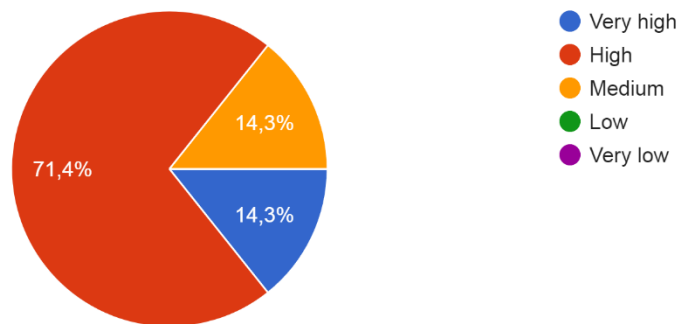

3. How do you evaluate the design content of the new courses in the training program?

4. Does the new course contribute to a more efficient process of acquiring the compatencies provided by the Curriculum?

4. Does the new course contribute to a more efficient process of acquiring the compatencies provided by the Curriculum?

7 câu trả lời

5. How do you assess the impact of increases usage of ICT technology to the process of teching students in the new course?
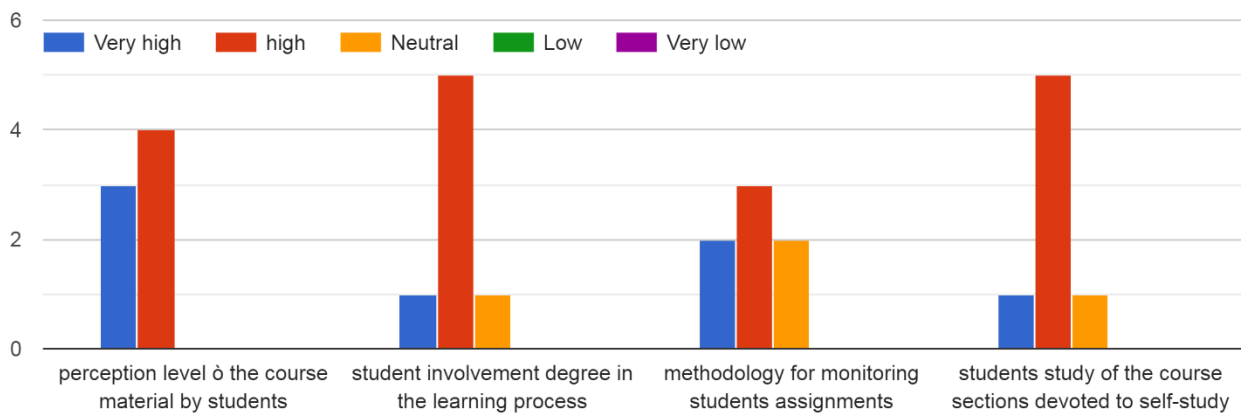

5. How do you assess the impact of increases usage of ICT technology to the process of teching students in the new course?

6 câu trả lời

- Very positive
- Positive
- Medium
- Less active
- Constant

6. Has the effectiveness of the new course on the e-learning system increased in terms of...?
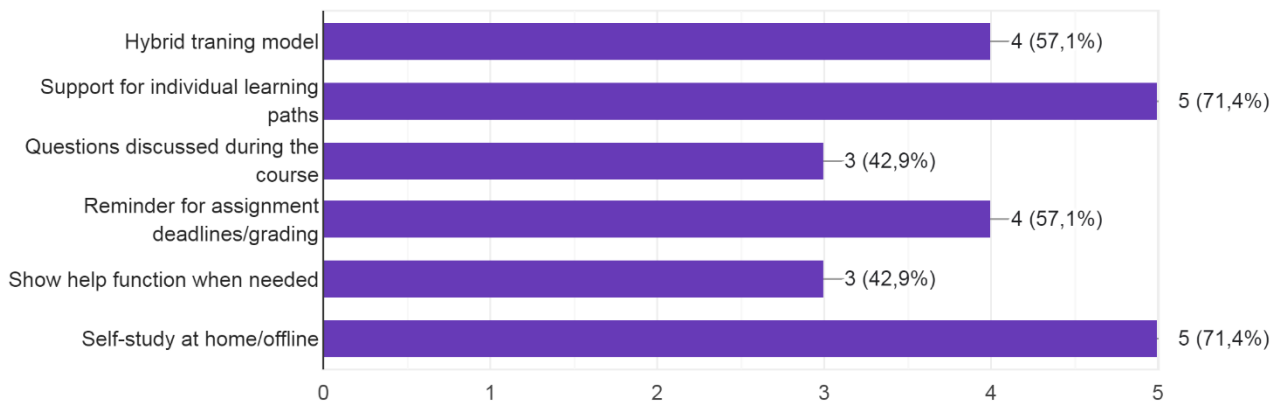

6. Has the effectiveness of the new course on the e-learning system increased in terms of...?

7. What methodological aspects of the new course do you find useful?

7. What methodological aspects of the new course do you find useful?

7 câu trả lời

Category	Value
Hybrid traning model	4 (57,1%)
Support for individual learning paths	5 (71,4%)
Questions discussed during the course	3 (42,9%)

Show help function when needed	3 (42,9%)
Self-study at home/offline	5 (71,4%)

8. How do you evaluated the e-learning system of the MARE project in teaching and learning in the basic and specialized courses for students?

8. How do you evaluated the e-learning system of the MARE project in teaching and learning in the basic and specialized courses for students?
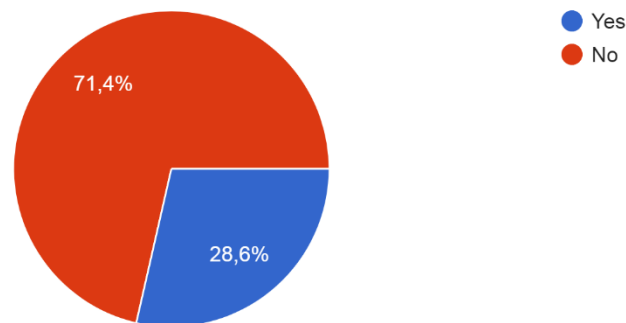

7 câu trả lời

- Very good
- Good
- Pretty good
- Medium
- Trivial

57,1%
14,3%
28,6%

9. Does the TLM needs to be refined for any part of the course?

9. Does the TLM needs to be refined for any part of the course?
7 câu trả lời

- Yes
- No

71,4%

28,6%

10. If is necessary to refine any part of the courses on the e-learning system, what are they?

It needs to be linked with practical stories or experimental.learned.

11. Does the new course require further development?

11. Does the new course require further development?
7 câu trả lời

- Yes
- No

42,9%

57,1%

12. If it is required further development, please specific in which part?

Update the new climate change data

13. How do you rate the usefulness of multimedia modules built for courses on the e-learning system of the MARE project?

13. How do you rate the usefulness of multimedia modules built for courses on the e-learning system of the MARE project?
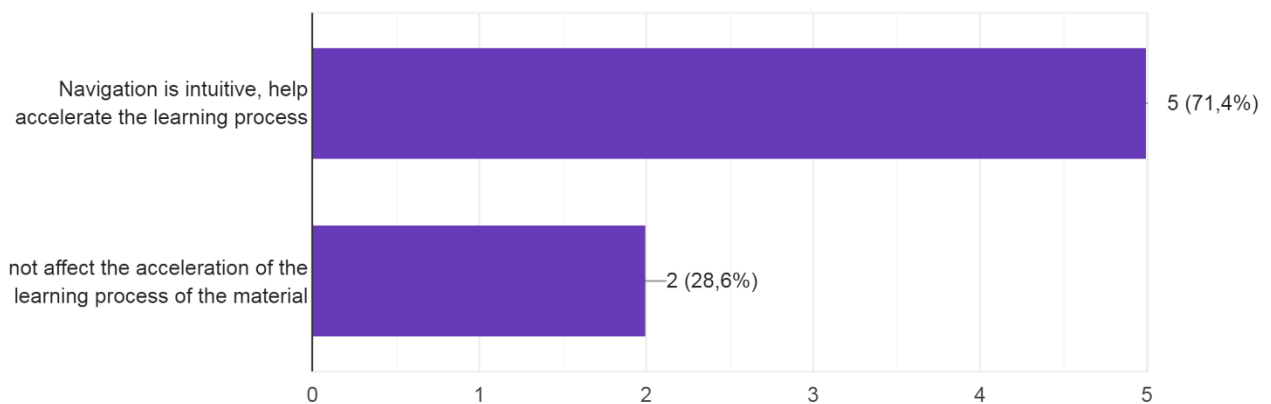

7 câu trả lời

- ● Very usefull
- ● Usefull
- ● rather usefull
- ● Medium
- ● Not at all

14. How do you assess the usefulness of the developed multimedia modules of the course in MARE in genaral using the hybrid(distance - distance) training model?

14. How do you assess the usefulness of the developed multimedia modules of the course in MARE in genaral using the hybrid(distance - distance) training model?

7 câu trả lời

15. Do you think using video lectures on the e-learning system is useful compared to putting the lecture content on the current pdf, ppt format?

15. Do you think using video lectures on the e-learning system is useful compared to putting the lecture content on the current pdf, ppt format?

7 câu trả lời

- Very useful
- Useful
- Unneccessary
